Book 1: Carmina qui quondam studio florente peregi, Book 2: Post haec paulisper obticuit atque ubi attentionem meam Book 3: Iam cantum illa finiuerat, cum. Written on the cusp of antiquity and the Middle Ages, Boethius' treatise De consolatione philosophiae was among the most influential works in the literary culture of medieval Europe. This chapter offers a narrative history of its reception in Old and Middle English, with contextualizing discussion of the medieval Latin and French traditions. Boethius composed the Consolatio Philosophiae in the sixth century AD whilst awaiting death under torture. The circumstances of composition, the heroic demeanor of the author, and the Menippean' texture have combined to exercise a fascination over students of philosophy and of literature ever since.
