Britain: industrial relations and the economy, 39, this volume provides an account of the history of industrial relations in Britain in the first half of the 20th century suitable for mainstream history student. This new edition thoroughly revises Britain: Industrial Relations and the Economy, but also adds substantially to the first edition. There is a wide-ranging and yet detailed account of the General Strike of 1926, assessing responsibility for the conflict, explaining why it happened. Format: Tapa blanda.
